## February 2022 Featured Manufacturer

**Milwaukee Valve** has the valves and the options you need to solve your service issues.

### Experience. Quality. Unmatched.

**About Milwaukee Valve:** Milwaukee Valve began as a small manufacturer of plumbing and heating valves in 1901. Over the years, the company expanded its offering to what now consists of over 5,000 items, used in a wide range of applications and industries, from very small plumbing valves used in the basement of your home, to large petro chemical valves and nearly every size and style of valve in between.

**Milwaukee Valve** valves and actuated controls meet all process-automation needs. Its manual and actuated valves meet the exacting demands and rugged service conditions of the industry.

[Butterfly Valves](#)

**Milwaukee Valve** offers a complete line of gate, globe, and check valves. Electrically actuated gate valves are available for your automated valve needs. Butterfly valves are offered for all applications and are easily automated with pneumatic or electric actuators. A full line of ball valves come in a variety of body materials.
